RE: Trips Week in Term 3, June 20-24

Dear Parents/Guardians,

Hello! We are very happy to introduce to you the Trip options for 2022. Of course, it is not required that you choose a trip. For those students who remain in school there will be other activities and events planned so a fun time is guaranteed for all. All travel to occur between 18/6/2022-26/6/2022.

Please review the options on the following sheet/the backside of this sheet. If you have a physical copy of this letter, tear off the section below and fill out the information to return with your receipt which will confirm the deposit of the trip amount into the school's account. If you have a digital copy of this letter, simply provide the information asked for below on a separate piece of paper along with the deposit receipt.

All deposits and information sheets are due by Monday, May 9, 2022. When you turn in the sheet and receipt, please inform Ms. Nelly what trip you are handing in paperwork for. Please note: receipts will not be received without information sheets, nor will information sheets be received without receipts.

Your student's name will only be added to the trip register and have a confirmed spot on the trip once we have:

1. Received the information sheet;
2. Received the deposit receipt, and;
3. Seen that your student is up to date on school fee payments.

A gentle reminder: no student with outstanding fees can attend a trip.

A sure way to guarantee a spot on a specific trip is to bring your information sheet as well as the receipt detailing the deposited amount even before we all return from break and then, while you are there, meet with the finance office to confirm there will be no school fees issue.

Be aware there is a late payment fee of 50,000/- for each week. All trip prices are subject to confirmation with our suppliers. A detailed post-trip expenditure report for each trip should be expected by parents.

Once your student has been added to a trip register, you will be informed of a specific trip-focused meeting so as to receive more information.

If there are any questions pertaining to the above items please contact either Ms. Merali, or Mr. Miller.
