

## Graduation Day

08/06/2022

Dear Parents/Guardians,

We warmly welcome you to IISM's 2022 Graduation Day on the 17<sup>th</sup> of June.

Please read the following carefully. Formerly known as Prize Night and held exclusively for Secondary students, this year we have changed the format of the evening to include the graduation classes of Reception, Year 6, Year 11 and Year 13. The event will run as follows:

1. Reception and Year 6 graduation from 3.00 – 4.30 pm
2. Year 11 (Form 4) and Year 13 (Form 6) graduation from 5.00 – 7.00 pm
3. Graduation evening congregation for Year 13 parents and graduands at the poolside from 7.00 – 8.00 pm

**Parents and guardians of students in Reception and Year 6 are expected to arrive by 2.30pm** so that events may begin promptly. There will be opportunities to have professional photographs taken by the poolside at a photobooth after the primary and reception students' graduation ceremonies are complete.

Thereafter, **parents and guardians of students in years 11 and 13 are expected to arrive by 4.30pm** in order to avoid embarrassing delays. The secondary graduation event will begin promptly at 5.00pm. This will include special awards, prefect awards, science fair winners and the announcement of the new Head Girl and Head Boy as well as graduation ceremonies, so Year 12 students are expected to be in attendance.

Our guests of honour are Bishop Ntuza and the Regional Commissioner. We expect parents/guardians to be prompt and students to be appropriately behaved, dressed in clean and proper uniform so as to represent the school showcasing our best selves.

On Friday the 17<sup>th</sup>, school will close at 12.30 pm so that we may adequately prepare for this important occasion.

Each student in a graduating class and those selected for special awards will receive a ticket permitting two additional entry and guaranteed seats. Those without tickets will be seated on a first come, first serve basis. We look forward to Graduation Day and seeing many of you there!

Yours sincerely,
